EXPERIENCE

Bookkeeper and IT Assistant

Dec 2024 – Aug 2026

OAT Payroll & Tax Services

Crystal Lake, IL

- Performed bank reconciliations for small business accounts to ensure accurate financial reporting
- Managed and organized datasets in Excel, ensuring accuracy and consistency across large volumes of information
- Resolved computer, printer, and server issues to maintain day-to-day operations

PROJECTS

Phishing Website Detection System

Python, Scikit-Learn, NLTK, FastAPI, React, Vercel

- Trained a logistic regression URL classifier on 500K+ labeled URLs using an NLTK tokenize-and-stem pipeline with bag-of-words features, achieving 96.5% accuracy, 96.5% precision, and 87.8% recall on a held-out test set
- Built and deployed a full-stack web app (FastAPI backend, React/Tailwind frontend, hosted on Vercel) that scores a single URL or every link in a pasted email and shows which URL tokens drove each prediction
- Reduced false positives with a trusted-domain allowlist that still flags lookalike domains, and capped request sizes to protect the hosted API; used AI-assisted development (Cursor, Claude Code) to accelerate the web app build

Marketing Channel Performance & Budget Reallocation Analysis

Personal Project

- Analyzed marketing campaigns across 5 channels to evaluate ROI, conversion rate, and acquisition cost using Python (Pandas, Matplotlib, Seaborn) and SQL
- Built channel- and segment-level comparisons across audience and location dimensions to uncover underperforming areas
- Recommended reallocating investments toward top-performing channels and segments, projecting a lift in overall ROI

ACTIVITIES & LEADERSHIP

Generative AI Club

Executive, Consulting Branch

- Plan and organize hackathons; develop event concepts, maintain and update the club website, pull and analyze data from meetings to track participation, and explore new AI tools and features to share with members

Sigma Phi Epsilon Fraternity

August 2023 – Present

Member

- Served on the Recruitment Committee, planning and organizing rush events for 50+ attendees; served on the Apparel Committee, overseeing design selection, vendor coordination, and sales

Boy Scouts of America

September 2023 – Present

Eagle Scout

- Led a volunteer project to build and install a stage for the McHenry County Fair, coordinating a team of 10; planned logistics, secured funding, and collaborated with local officials for project approval; earned 21+ merit badges demonstrating expertise in leadership, problem-solving, and survival skills

SKILLS

Languages & Data Tools: Python, SQL, Pandas, Scikit-Learn, NLTK, Matplotlib, Seaborn, Jupyter Notebooks

Other Languages & Tools: Java, JavaFX, C++, FastAPI, React, GitHub, Claude Code

CERTIFICATIONS

- Python and Data Certification: professional-level data analysis using Python and Jupyter Notebooks
- AI Professional Skills Certification: practical knowledge of AI, LLMs, and responsible use in professional settings
- Intercultural Skills Certification: effective communication and collaboration with diverse teams

EDUCATION

University of Iowa, College of Engineering

B.S. in Computer Science & Engineering, Minor in Artificial Intelligence.

Anticipated May 2027
